

Satisfy Professional's Needs

Cordless Hammer Driver Drill

Cordless Driver Drill

DHP486 13 mm (1/2") / **DDF486** 13 mm (1/2")

**Compact
But high power**

Max Lock Torque
125 N·m

Increased performance in continuous heavy-duty applications

Compact design

On top of the higher performance in continuous heavy-duty applications compared with the current model, shorter overall length is achieved by optimizing the design of the gear assembly.

All metal gear construction for extra-high transmission durability

Mechanical 2-speed transmission

Max clutch torque: 12 N·m

Due to the increased contact area of the clutch cam, the max clutch torque is increased, enabling to tighten a heavy-duty fastener such as a dia. 9.0x50mm lag bolt in screwdriving mode.

Twin LED job light with preglow and afterglow functions

Hi-speed Max. 2,100 RPM

High power

BL MOTOR

Variable speed control trigger
